

Luigi's Box

AI Search & Discovery

App configuration

Magento is a popular open-source platform written in PHP for creating e-commerce websites owned by Adobe Commerce. There are two different Magento solutions – Magento Open Source, which can be customized thanks to a variety of plug-in modules by other developers to extend its base functionality, and Magento 2, which brings a variety of new features and tools for development.

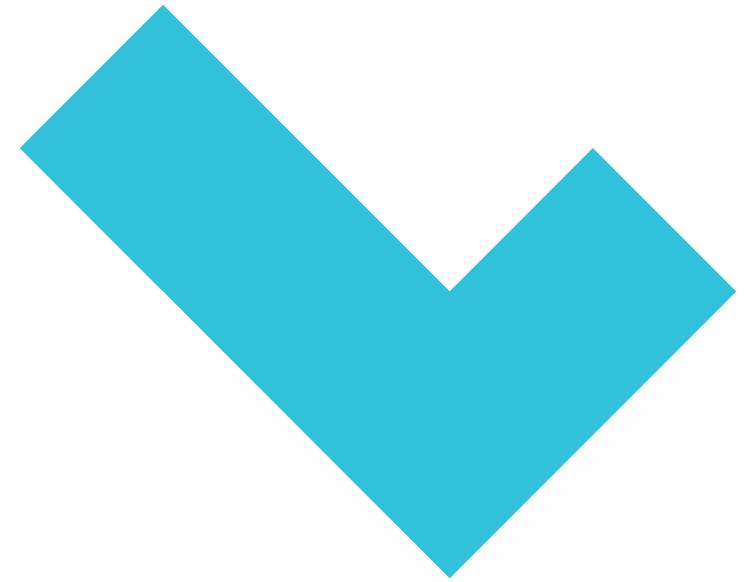

Integration with **Luigi's Box** brings you **Search, Recommender, Product Listing Pages** and **Analytics** features that can help you boost your conversions, learn more about your customer's search, improve their overall experience and get the most out of potential customers, and also how you can offer them the most relevant products based on their previously seen products and product types.

With this manual, you will setup your top-notch search in just a few minutes.
Are you ready?

Luigi's Box AI Search & Discovery App installation

LUGI'S BOX AI SEARCH & DISCOVERY APP INSTALL

First, add the Luigi's Box extension to your **Magento 2** shop. You can do this:

- 1. Manually** - copy [this GitHub repository](#) to `app/code/Luigisbox/Integration` within your Magento folder.
- 2. Using Composer** - run composer require `luigisbox/magento2-integration` in your Magento 2 root directory. After that, run the following commands one at a time in your Magento 2 root directory:
 - a. `php bin/magento setup:upgrade`
 - b. `php bin/magento setup:di:compile`
 - c. `php bin/magento setup:static-content:deploy -f`
 - d. `php bin/magento cache:flush`

Luigi's Box AI Search & Discovery App activation

LUIGI'S BOX AI SEARCH & DISCOVERY APP ACTIVATION

Go to Magento 2 Administration → System → Extensions → Integrations, where you should see **LuigisboxIntegration**.

The screenshot displays the Magento 2 Administration interface. On the left, the 'System' sidebar is open, and the 'Integrations' menu item is highlighted. A red circle with the number '1' is overlaid on the 'Integrations' menu item. The main content area shows a 'Reload Data' button and a 'Go to Advanced Reporting' button. The interface also displays a 'Retry Synchronization' notification and a 'System Messages: 1' dropdown. The main content area shows a 'Chart is disabled. To enable the chart, click here.' message and a table with columns for Revenue, Tax, Shipping, and Quantity. The Revenue, Tax, and Shipping columns all show \$0.00, and the Quantity column shows 0. Below the table, there are tabs for 'Bestsellers', 'Most Viewed Products', 'New Customers', and 'Customers'. The 'Bestsellers' tab is selected, and the content area shows a message: 'We couldn't find any records.'

2.

Click on the **activate button** next to LuigisboxIntegration.

The screenshot shows the 'Integrations' page in the Magento Admin interface. The page title is 'Integrations' and the user is logged in as 'adminlxb'. There is a search bar and a 'Reset Filter' button. Below the search bar, it indicates '2 records found'. The table below shows two integration records:

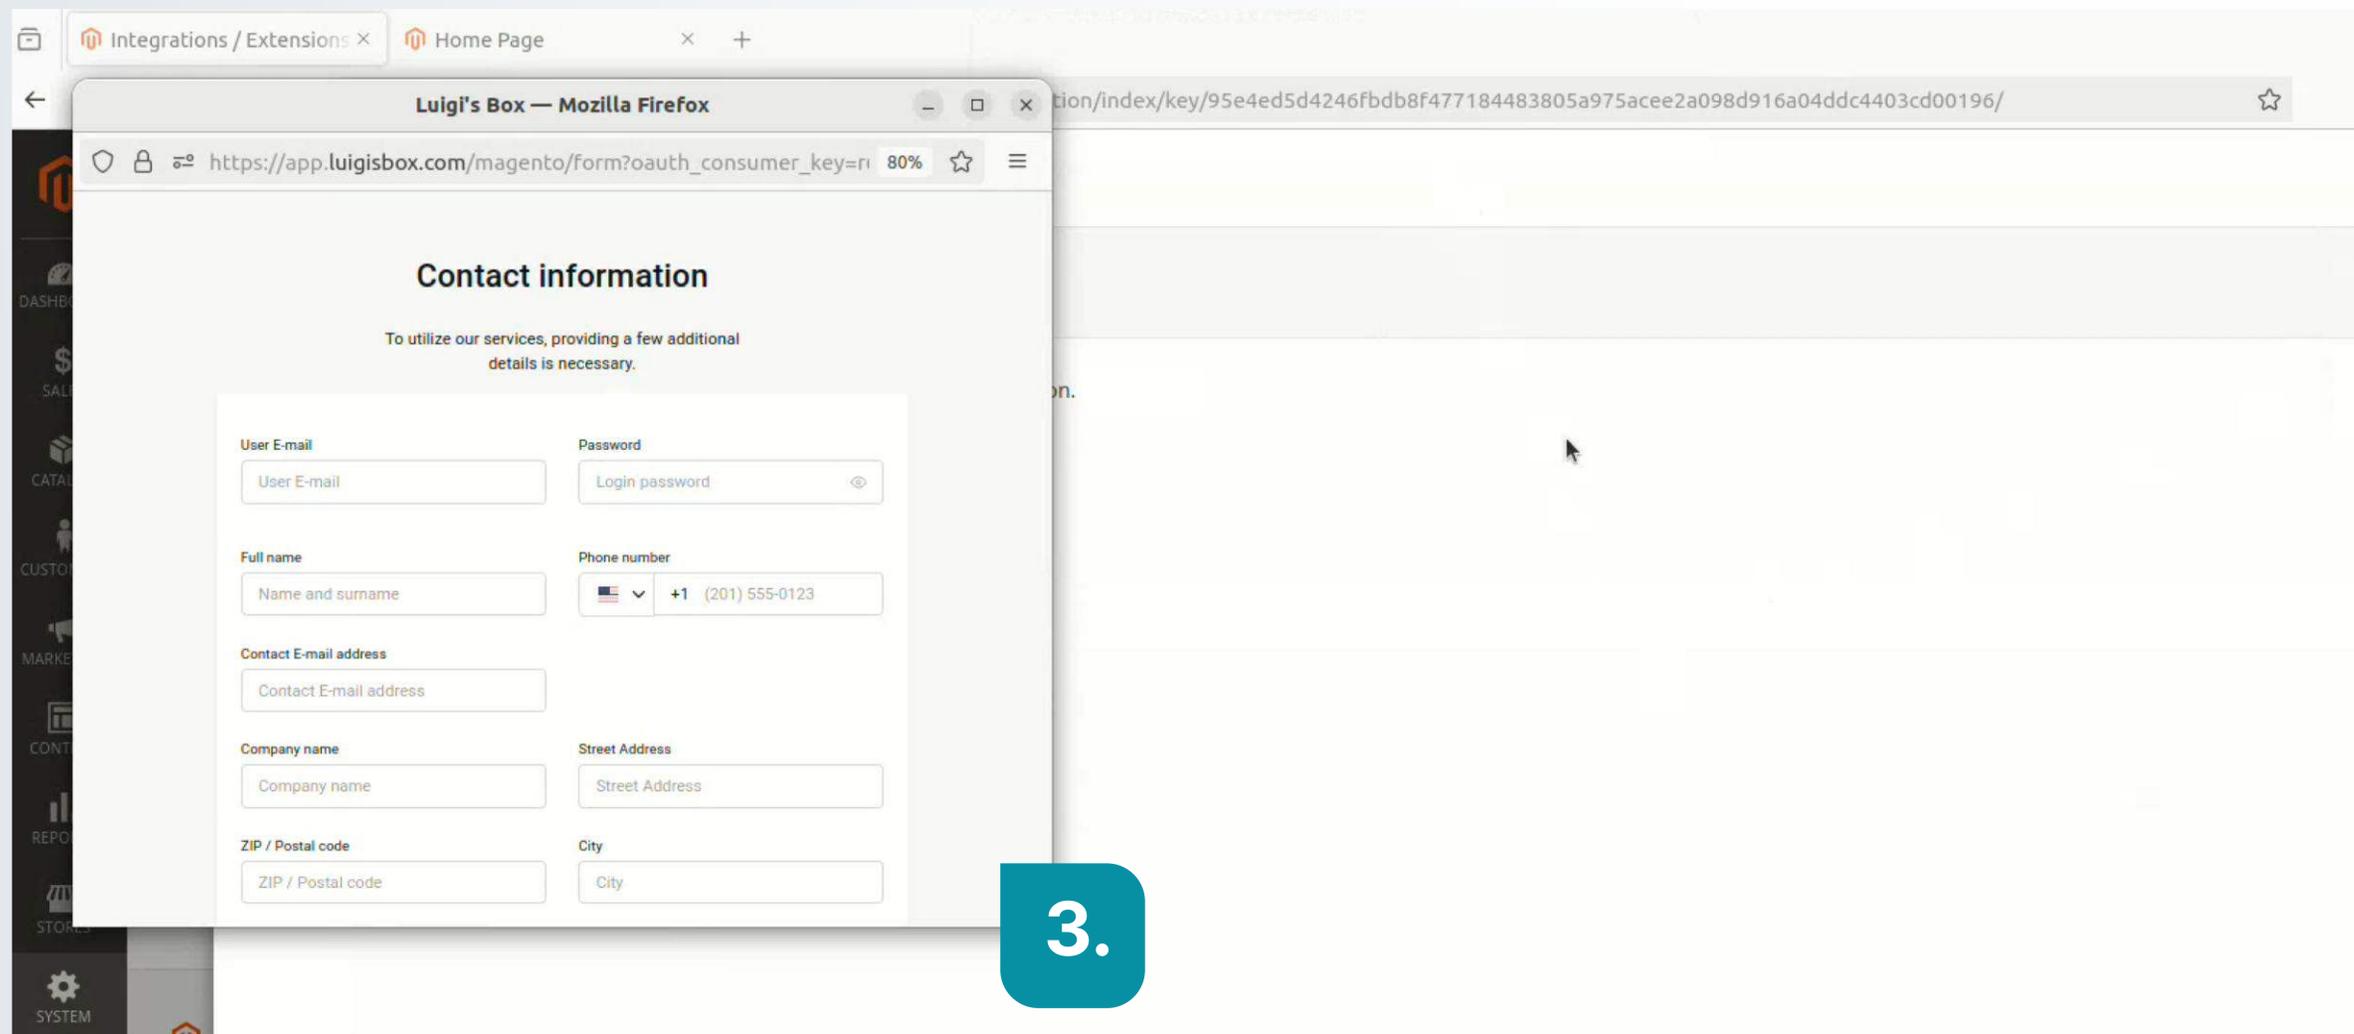

Name	Status	Activate	Edit	Delete
Magento Analytics user	Active	Reauthorize		
LuigisboxIntegration	Inactive	Activate		

The 'Activate' button for the 'LuigisboxIntegration' record is highlighted with a blue circle containing the number '2.'. The footer of the page includes the copyright notice 'Copyright © 2024 Magento Commerce Inc. All rights reserved.' and the version information 'Magento ver. 2.4.7-p1' with links to 'Privacy Policy' and 'Report an Issue'.

3.

The installation process will start, and the **setup form** will pop up while your catalog is synchronized with our services in the background.

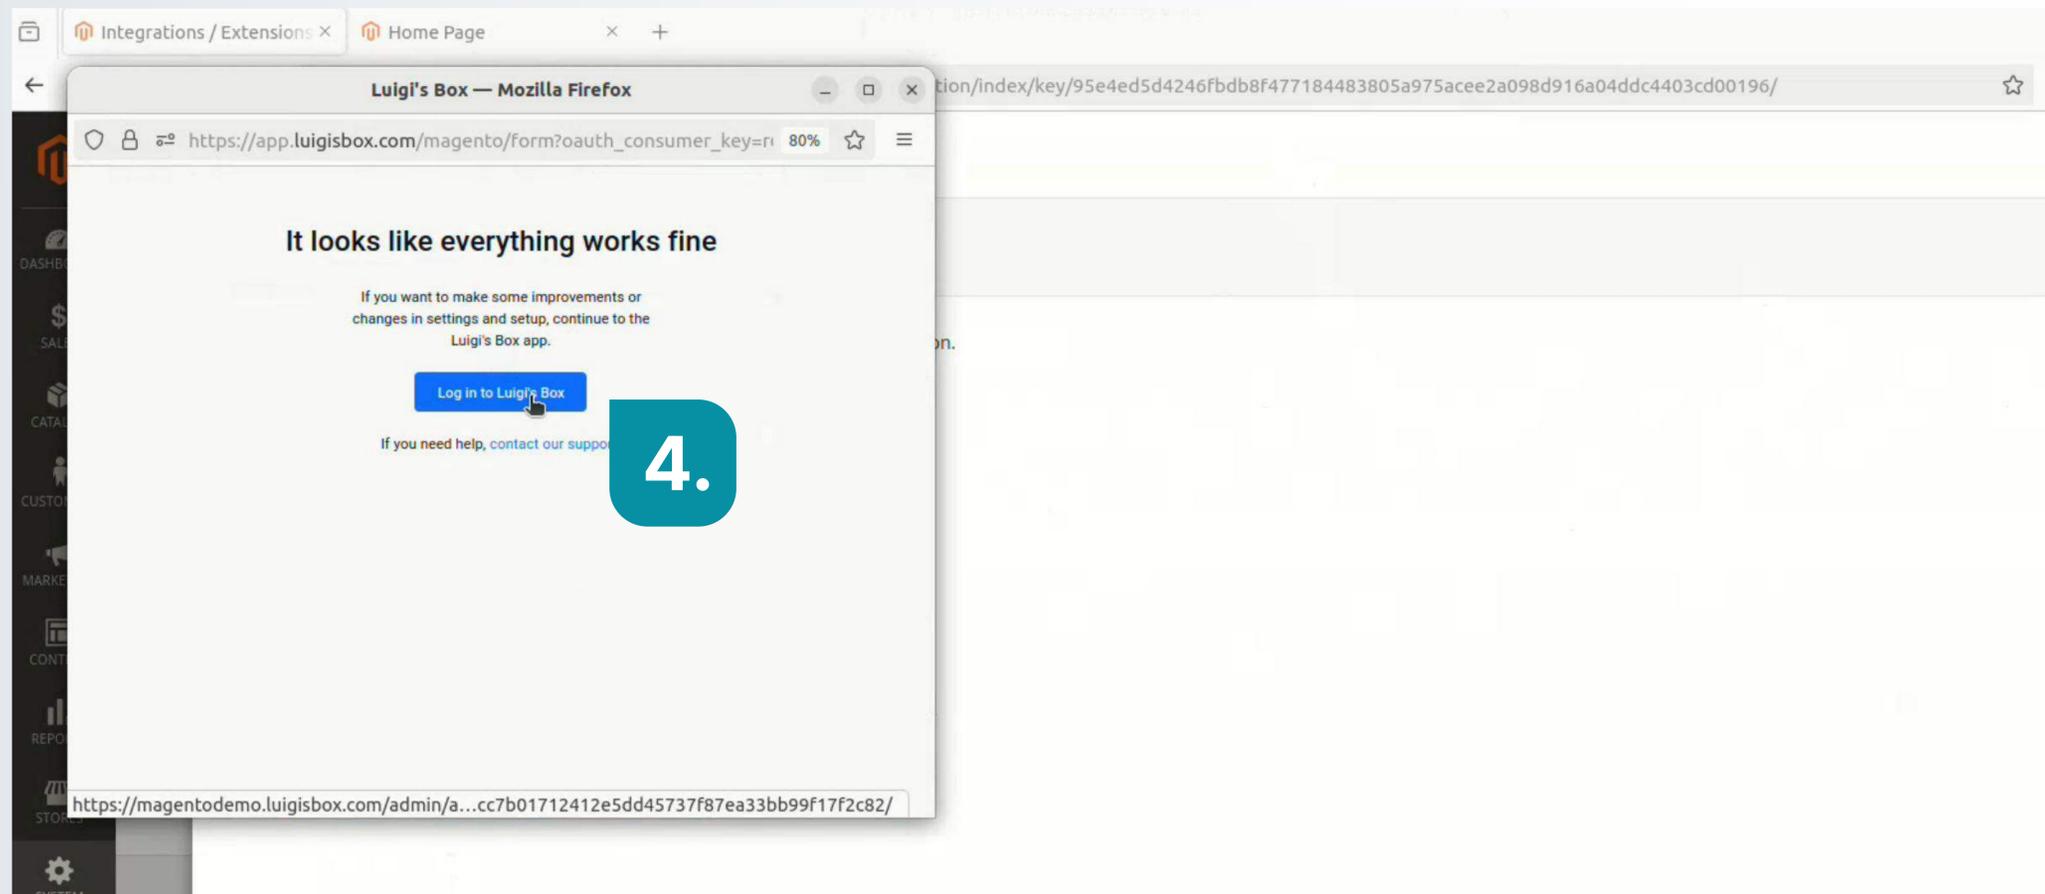

The screenshot shows a Mozilla Firefox browser window with a modal form titled "Contact information". The form is overlaid on a blurred background of a web application. The form contains the following fields:

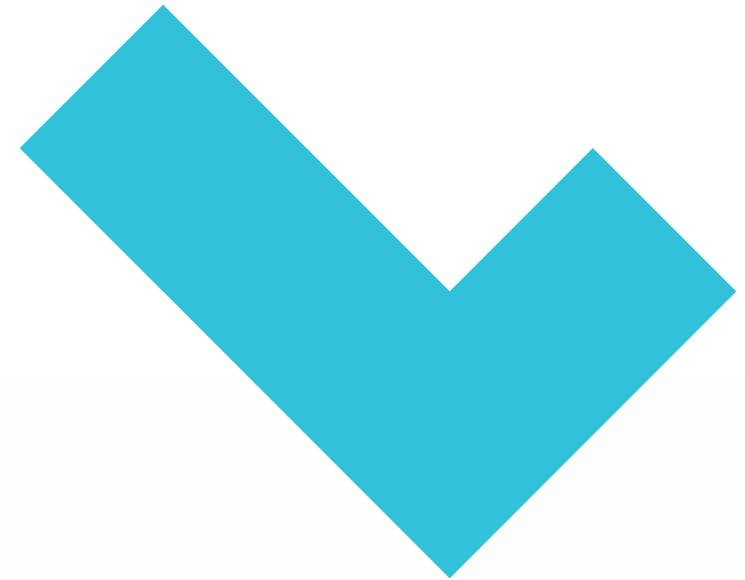

- User E-mail:
- Password:
- Full name:
- Phone number:
- Contact E-mail address:
- Company name:
- Street Address:
- ZIP / Postal code:
- City:

A teal square with the number "3." is positioned at the bottom right of the form area.

LUIGI'S BOX AI SEARCH & DISCOVERY APP ACTIVATION

After filling out the setup form, you will be redirected to the **Luigi's Box** **web application**, where you can set up Luigi's Box services. You also need to confirm your e-mail address.

Increase **customer satisfaction** and, your **sales** and **profits** with Luigi's Box search & recommendations
